PROFILE

Experienced Software Developer adept in bringing forth expertise in design, installation, testing and maintenance of software systems. Complex problem-solver with analytical and driven mindset. Dedicated to achieving demanding development objectives according to tight schedules while producing impeccable code.

EMPLOYMENT HISTORY

C++ SOFTWARE ENGINEER, GLOBALLOGIC

Kyiv

Nov 2021 - Jan 2023

- Worked with software development and testing team members to design and develop reliable solutions to meet client requirements for functionality, scalability and performance.
- Designed, developed, modified and debugged programs.
- Installed and configured software applications and tested solutions for functionality.
- Reviewed project specifications and designed technology solutions that met or exceeded performance expectations.
- Coordinated with other engineers to evaluate and improve software and hardware interfaces.
- Maintained existing applications and designed and delivered new applications.

C++ SOFTWARE ENGINEER, CHM SOFTWARE

Kyiv

Mar 2023 - Present

- Utilized the Qt framework to build intuitive and user-friendly graphical interfaces, enhancing the user experience and simplifying tasks for our clients.
- I consistently refined the codebase to align with best practices and coding standards, emphasizing readability, modularization, and documentation for enhanced team collaboration.
- Managed database schemas, optimizing queries for performance and scalability.
- I actively monitored the client-server infrastructure, addressing issues promptly, and improving the error-handling mechanisms to minimize disruptions in service.
- Collaborated with cross-functional teams, including designers, testers, and project managers, to ensure that the software met client requirements and delivered exceptional user experiences.
- Participated in code reviews, knowledge sharing, and mentoring to foster a culture of continuous improvement within the development team.

EDUCATION

Bachelor of Computer Engineering, State University of Telecommunication

Kyiv

Sep 2020 - Present
